

# This week's Learning

*Week beginning 11/05/20*

LEARNING  
IS  
FUN

## *This is an overview of the learning for the week*

I am going to detail each day what you can do so that you are aware of what is coming up and for those who are not able to always access things on the day etc you will know what you can do. You don't need to do it all remember, it is just a suggestion.

I am trying to stick to routine and what we know so please make sure you are tuning in at some point across the week to the activities so that you still feel part of the class. Some of the things like daily daft and things will be uploaded on the day but the others will be available before hand.

Please try and comment on the morning post at some point that day so that you are checking in with me and I know that you have been on the class :)
